

WINDROW TURNERS

HAY, BEANS, STRAW, OTHER FORAGE CROPS

RUGGED - GENTLE - FAST !

MODEL 902-2

This simple low cost front mount 2-wheel turner will turn up to a 48" windrow. Available as a manual lift or optional hydraulic lift. Also available with low cost steel teeth.

MODEL 903-3

Our most popular model is the 903 which will allow you to turn up to a 65" windrow. The 3-wheel model gives the operator more flexibility as to windrow size and raking angle. All DARF Windrow Turners feature a one bolt angle adjustment
.....quick & simple.....
